

**Electronic Chain Actuator/Motor - EL-VC-AVC002M24 (24VDC)**

Adjustment of the stroke  
Positions from 100-400mm

Double link stainless  
Steel chain

Small swivel bracket  
(included in the system  
Package EL-VC-AVC002S)

The EL-VC-AVC002M24 is our standard roof vent actuator/motor and it is the popular industry standard ACK5 (ACK4) chain motor. This is suitable for opening Top, Bottom, Side hung and roof vents. Centre push stainless steel chain with adjustable stroke from 100-400mm. The motors supplied in white 24VDC, optional white small (EL-VC-AVC002B2), large (EL-VC-AVC002B1) swivel bracket set or standard bracket (EL-VC-AVC002B3) for top hung windows and standard bracket with fall back (EL-VC-AVC002B) available online, also available in ACK52 – 230VAC (EL-VC-AVC002M) or black, brown and silver on request.

**Technical Specification**

	<b>ACK 52/MAC41</b>	<b>ACK54/MAC43</b>
Voltage Supply:	230VAC (50Hz)	24VDC
Thrust force:	300N	300N
Traction force:	300N	300N
Stroke (adjustable):	100-150-200-250-300-350-400mm	
Absorbed current:	0.32A	2.10A
Loadless translation speed:	0.28mm/s	18mm/s
Connection of two or more actuator in parallel	Yes	Yes
Electronics device to warn wrong installation	Yes	Yes
Chain position control	Yes	Yes
Stroke end regulation (in closing) to window frame	10mm	
Time rating:	66%	66%
Protection:	IP55	IP55
Operating temperature	-5 to +50C	
Dimensions	288.5x83x47.5mm	
Weight	1.9Kg	
Wires to Open:	Brown (+24VDC) and Blue (0VDC). Wires to Close: Brown (+0VDC) and Blue (+24VDC)	

Large swivel brackets set for top hung windows

Standard brackets for top and bottom hung windows

Vertical mounting brackets set for top hung windows
